We're Ready To Rock The Light!

Jupiter, FL: The Loxahatchee River Historical Society will once again transform the Jupiter Inlet Lighthouse & Museum into a festive spectacular light-twinkling musical celebration at its annual fall fundraiser, Rock The Light Concert –A Rock & Roll Revival. The concert takes place Saturday, November 19th from 5:30 to 10:00 pm. The Lighthouse is honored once again to have the very talented and always charming Curt Fonger emcee the event, with special guest appearance by Andy Preston, The Gater 98.7fm. Attendees can also savor delectable delights offered by inlet area neighbor Guanabanas.

There's nothing boring about saving history around THIS Lighthouse! Supporting the preservation of this site and our exciting local history has never been more fun-I just hope everyone who hopes to "Rock the Light" with us gets their general admission tickets before they are sold out," says Jamie Stuve, President & CEO of the Loxahatchee River Historical Society.

With the lighthouse beacon shining as a backdrop and the new deck & plaza under the banyan tree, the stage will be set for this party in paradise. A double header of rock featuring The Lost Bobs and The Sierra Band is set to sizzle with some very hot tunes from the 60s through the 80s. Greatest hits by some of the best bands ever to blaze the airwaves will send you "reeling in the years." The first group slated to fill the air with hot rock is the Sierra Band. A long-time local popular band whose members include George Lilly, David Snetssinger, Ed Reich, Rich Bobsein, Bob Chapman, Tom Winch. Then the Lost Bobs are on tap. Band members Bob Gibson, Phil Carey, Bob Trainor, Debbie Wallace, Jim Sheridan and Joe Wyman..all of Jupiter and Tequesta have been really gearing up for this event. Bob Gibson is a 50 year resident of the Northern Palm Beaches, owner of an award-winning advertising agency and leader of the Lost Bob's classic rock band. "The Lost Bobs only play several times a year and only for a good cause we truly believe in. How fortunate we are to have such a beautiful and historic landmark in our hometown! The Jupiter Lighthouse makes our town unique. We want to help preserve it and protect its surrounding lands for future generations to enjoy," Gibson says.
