Loxahatchee River Historical Society is a 501(c)3 nonprofit organization and a partner in the Jupiter Inlet Lighthouse Outstanding Natural Area.

OUR MISSION

As stewards of the Jupiter Inlet Lighthouse & Museum, the Loxahatchee River Historical Society preserves and interprets the dynamic heritage, ancient cultural history and sensitive natural systems of the Jupiter Inlet Lighthouse Outstanding Natural Area and the Loxahatchee River region.

OUR NATIONAL DESIGNATION

Through our advocacy, the Jupiter Inlet Lighthouse and surrounding 120 acres became a federally designated "Outstanding Natural Area" and the only unit of the National Landscape Conservation System east of the Mississippi. We share this special status with only two other lighthouses in the United States.

A BRIGHT FUTURE WITH YOUR SUPPORT

Your support helps us maintain the 1860 Jupiter Inlet Lighthouse and interpret 5,000 years of history for thousands of visitors and students year round. Together we can preserve and protect our unique cultural heritage and nationally significant landscape for our community and generations to come.
