

Outstanding Natural Area Fauna & Marine Life

Photo by Lynn Drake

Our winter visiting manatees warm themselves in the shallow safe waters on the south side of the ONA and frequently pass behind the museum in large numbers.

Kayakers and paddle boarders can be surprised by the manatees curiosity.

JUPITER INLET LIGHTHOUSE *a n d M u s e u m*

Mothers and youngsters hug the shoreline to avoid boat traffic in the channel. Many manatees bare the scars of close encounters.

On one particular day, staff counted over 70 manatee swimming by.
