

# Pathway Bricks

## Your Pathway to History

The Pathway To History leads visitors from the Museum to the base of the Jupiter Inlet Lighthouse. Engraved brick pavers grace the winding corridor through 5,000 years of history commemorating and celebrating the lives of families, pioneers and United States Military.

Participation in this project offers you a unique opportunity to become a part of our Lighthouse history by placing your family name, message, or remembrance on this beautiful heritage pathway. If your local family roots date prior to 1945, you are eligible for the Pioneer section.

**Each phase of installation occurs approximately every eight to ten months.** You and any guest recipient will receive an invitation to attend the installation ceremony and view your brick.

For more information on the history of the Jupiter Inlet Lighthouse, please visit our website [jupiterlighthouse.org](http://jupiterlighthouse.org). For brick information, send an email to [bricks@jupiterlighthouse.org](mailto:bricks@jupiterlighthouse.org).
