#### About the Wild & Scenic Film Festival/South Yuba River Citizens League:

The Wild & Scenic Film Festival is a collection of films from the annual festival held the third week of January in Nevada City, CA which is now in its 18th year! Wild & Scenic focuses on films that speak to the environmental concerns and celebrations of our planet. The Wild & Scenic Film Festival was started by the watershed advocacy group, the South Yuba River Citizens League (SYRCL) in 2003. The festival's namesake is in celebration of SYRCL's landmark victory to receive "Wild & Scenic" status for 39 miles of the South Yuba River in 1999. The five-day event features over 150 award-winning films and welcomes over 100 guest speakers, celebrities, and activists who bring a human face to the environmental movement. The home festival kicks-off the international tour to communities around the globe, allowing SYRCL to share their success as an environmental group with other organizations. The festival is building a network of grassroots organizations connected by a common goal of using film to inspire activism. National Partners: Peak Design, Hipcamp, EarthJustice, Klean Kanteen, and Sierra Nevada Brewing Company.
