Media Announcement:

### **New Hours of Operation for the Jupiter Inlet Lighthouse & Museum**

The Jupiter Inlet Lighthouse & Museum announces its new summer and fall hours of operation set to begin August 5, 2020. Visitors can enjoy Lighthouse Climbs, spectacular views and the beautiful historic grounds from Wednesday-Sunday, 10:00 am to 2:00 pm, with last admission at 1:00 pm.

The History Museum and Tindall Pioneer House exhibits are currently closed due to the limited interior space. Guests will receive a Museum voucher for a complementary return visit when the Museum re-opens at a later date.

Honoring the Lighthouse Keeper tradition of keeping people safe, additional measures ensuring a healthy experience for everyone will remain in effect. Only 10 Lighthouse climbers will be permitted at a time, visitors must wear a mask and social distancing is required throughout the site, including at the top.

Additional safety measures at the Lighthouse & Museum include frequent cleaning and sanitizing throughout the day, hand sanitizer stations at strategic locations for guests, and staff requirements to wear face masks.

The Lighthouse & Museum are committed to the health and safety conditions for staff and visitors and will continue to monitor and adjust operations throughout the season as required. For more information and details on what visitors need to know before arriving, visit
